

# MT70-AC-RD Remote driver

Suspended/Surface

**encapsulite**

ILLUMINATING BY DESIGN

Tube  $\varnothing$  70mm

Cap  $\varnothing$  75mm

Light output 290°

## Tubular diffused LED light, chrome/black end caps.

The MT70-AC RD is a flexible robust LED diffused lit tube design, this can be suspended horizontally or surface mounted. The mounting of the internal LEDs offers a 290° distribution of light through its polycarbonate opal diffuser, Remote switched or dimmable drivers can be 5m from light.

The MT70-AC RD is an incredibly versatile linear lighting solution. Black or chrome end caps from stock.

70mm diameter, (75mm  $\varnothing$  end caps) the MT70-AC RD makes use of efficient LED technology offering switched or DALI dimming options for a controllable level of light output.

Suitable for almost any interior application.

Surface mount driver housing cost option, for use if no ceiling void or access available.
