

RGB70 STICK-LITE

REMOTE DRIVER

my love for you

Suspended/Surface mounted. Colour changing light with aluminium end caps.

SUITABLE FOR THEATRE, TV AND RETAIL AND MANY MORE APPLICATIONS

The RGB 70 Stick-Lite is a cylindrical design that can be suspended vertically or horizontally and surface mounted. The light offers 290° light distribution through its polycarbonate satin diffuser. Connect to a suitable driver and control system, then with multiple lights within an installation, you can create dramatic, dynamic and subtle effects. It makes use of efficient LED technology offering switched, Dali or DMX dimming options for a controllable level of light output.

Light Source Information

- LED/Electronic Driver.

Options

- Aluminium Chrome end caps as standard.
- Anodised end caps available in many more colours including black, rose gold and brass (see right).

Dimming

Dali. DMX.

Installation

Horizontal, vertical and angled suspension, surface mounted.
